

What was old is new again.

Better Than New Program for Aerators and Mixers.

Maybe a brand new aerator or mixer isn't in the budget. Not to worry. Aerator Solutions can make what was old seem new again with our Better Than New Program. Our experts will recondition your discharge cone or motor mount and build a new motor module without breaking your budget.

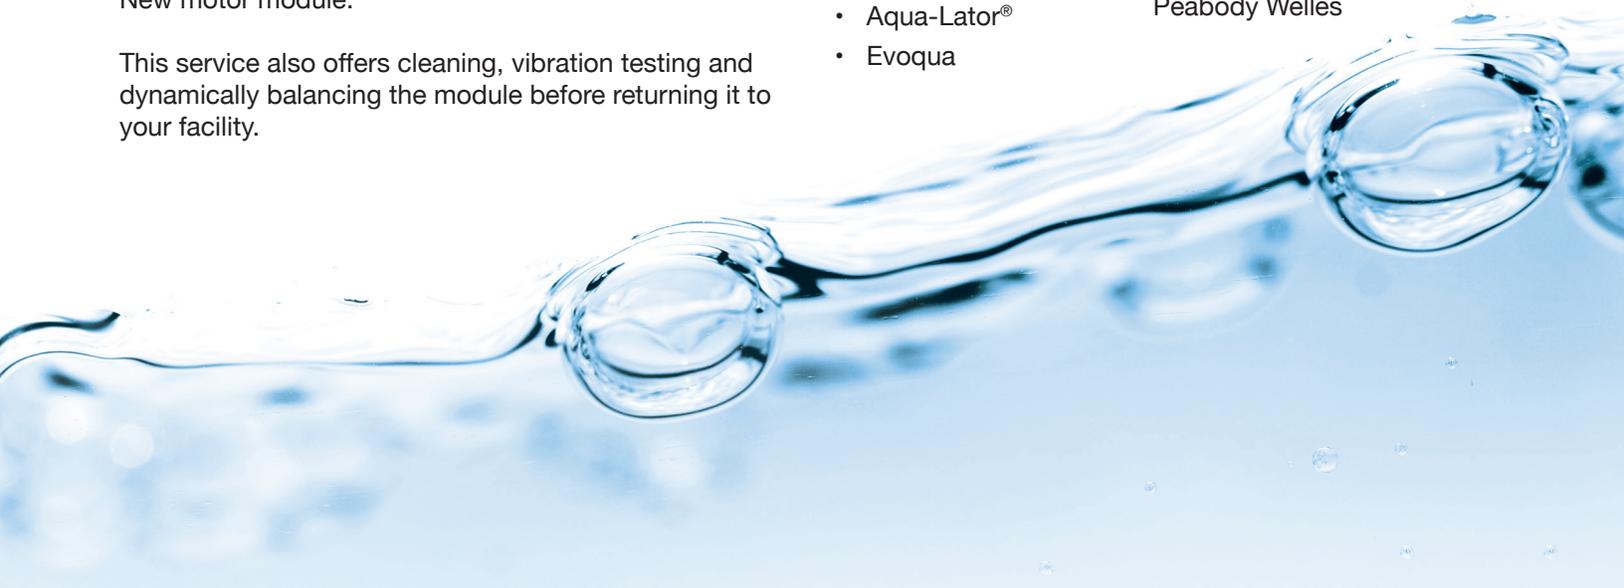

Save with Better Than New Equipment

Aerator Solutions can recondition your aerator or mixer by using your discharge cone or motor mount. We will recondition the cone or motor mount, add a new motor, wearable parts, and propeller to make a Better than New motor module.

This service also offers cleaning, vibration testing and dynamically balancing the module before returning it to your facility.

In addition to our EcoJet™ line of aerators and mixers, we refurbish equipment made by the following manufacturers:

- Aerators, Inc.
- Aqua-Aerobics
- Aqua-Jet®
- Aqua-Lator®
- Evoqua
- Siemens
- U.S. Filter
- Welles Products/
Peabody Welles

Save up to 30% using your Discharge Cone.

Send us your discharge cone and we will build you a new motor module at significant savings.

YOUR OLD
DISCHARGE CONE

YOUR RECONDITIONED
DISCHARGE CONE

AFTER

Aerator Solutions reserves the right to reject any aerator or mixer component that is severely damaged, worn or beyond repair. Additional charges will apply for refurbishing that requires welding and/or machining. Aerator Solutions will provide estimates for all refurbishing jobs before beginning any work.

Other cost-saving options to consider.

EcoFurbished™ Equipment

EcoFurbished™ aerators and mixers are units from Aerator Solutions that were previously used as rentals or in other applications. Re-built to our strict standards, our EcoFurbished equipment is available for shipment immediately, based on current inventory.

- Significant savings compared to new equipment
- 1-year mechanical warranty
- 1, 2, and 3-year motor warranties available
